

STEAM TABLE PANS MADE FROM 100% RECYCLED ALUMINUM

Introducing **ECO-FOIL™** by **HFA inc.**
Handi-foil of America®

Another revolutionary innovation from Handi-foil of America®

With Eco-Foil™, HFA® continues to demonstrate its leadership in the global efforts of producing products that are good for the environment, while at the same time great for its customers' profits; clearly a win-win combination for our planet and our customers. Strong and reliable, Deep Half and Full Steam Table Pans lead the Eco-Foil™ launch. Our most green product line ever, Eco-Foil™ is a complete and sustainable solution for food service providers, caterers and packer processors.
