

SOME LIKE IT HOT!

- **Rolled Rim** – Gives rigidity to the container and ensures leak-resistant lid fit
- **Purposeful Design** – Wide mouth and squat profile make it easier to fill and eat from the container
- **Prevents Leaking** – Single-sided poly coating on the inside of the container acts as a moisture barrier to keep liquid inside the container, which has a maximum temperature of 205°F
- **Less Heat with Great Graphics** – Matte finish on the exterior of the container conducts less heat than a DSP container and allows for excellent print quality for either stock or special prints
- **Put A Lid On It!** – Multiple plastic lid options available in multiple materials to cover all customer needs

VS Single-Sided Poly Paper Food Containers

SOME LIKE IT HOT!

A unique offering in our food container line up, VS Single-Sided Poly food containers are perfect for holding hot foods due to the poly coating on the inside of the container, which acts as a moisture barrier to prevent leaking, and the matte finish on the outside of the container, which conducts less heat on your fingertips. These versatile containers can also be used for cold foods with immediate consumption. The squat profile and wide mouth makes this product easy for operators to fill and easy for customers to eat!

Symphony®

White

Lids

Rolled Rim
Gives rigidity to the container and ensures secure leak-resistant lid fit

Versatile Applications
Serves hot or cold foods

Moisture Barrier
Container lined with polyethylene on the inside to prevent leaking

Sustainability Alternative
Made with 90% plant-based renewable resources and made with either SFI or FSC certified paperboard

Wide Mouth and Squat Profile
Easy to serve, easy to eat

Variety
Containers available in multiple sizes with multiple lid styles made with different materials
